

Manager Title/Person :- **Safety Officer**

Job Overview:-

Oversee and organise with SRQ Race Controller, Chief Judge, Competition Chairperson and Equipment Officer all functions necessary to ensure a safe event for competitors.

Functions:-

- Set the Course design with SRQ Race Controller.
- Supervise the Pre-Race Briefing with Chief Judge during which fullest possible details must be given concerning navigation, details on passing, course and safety of the competition including the dropping off area at the completion of the race.
- Work with 'Course Equipment Officer' to ensure all equipment is in a safe and workable condition.
- On Race Day keep in contact at all times with SRQ Race Controller, to ensure course is in safe condition for competitors and Marine Life.
- Be fully conversant with Briefing sheet and Rescue procedure.
- Attend de-briefing of Course Boat Crews after races where requested by Race Controller to discuss any Safety Issues that arose.
- Check with Course Equipment Officer that the recommended Flags are loaded into the Course Boats, Start Boat and Judges Boat before these boats are despatched at the start of the Race Day.
